COINS OF THE WORLD (EXCEPT LATIN AMERICA)

This list represents our first offering of non-Latin American coins since last August. We are specialists in Latin American coinage and make no pretense of being diversified. However, during our numerous trips to Central and South America, we do encounter, and occasionally purchase, other world coinage. Our goal is to offer them below regular retail price levels to insure immediate sale. Please see pp 6-7 for more expensive world coinage.

MINOR COINS OF LATIN AMERICA

This section offers about $12,000.00 worth of moderately priced items, none of which were offered on our last price list. Some of these were duplicates in the Chamberlain collection; because of the success we experienced in selling the better items from that group, we have been able to offer many of the following coins at price levels well below the normal retail.
